LEARNING AT HOME

United Way of Acadiana Early Head Start believes that early childhood education is key to success in school and in life. Our partnership with families is the foundation for Early Head Start and during this critical time, parent-child interactions will be the cornerstone of learning at home. The coronavirus has impacted our education system and has altered our ability to educate in a traditional way. But, we believe the learning can continue. EHS has created an educational plan that provides parents with simple, yet effective ways to teach their child at home. We encourage you to do these activities with your child. Dedicate time to learning and yes, make it FUN!

MONDAY	<p>LITERACY</p> <p>Read to your children daily.</p> <p>Tell a story or read a book to your children at bedtime. After you've finished reading, ask your children to tell you all they remember about the story. Encourage your children to make up and tell stories or repeat a story you have read.</p>
TUESDAY	<p>COGNITIVE DEVELOPMENT ACTIVITY</p> <p>Encourage your child, to explore an every day scene in which he/she plays the role of a parent, or re-enacts what his teacher does at school. Give your toddler props and costumes or use a ready-made setup such as a play kitchen.</p>
