## LEARNING AT HOME

United Way of Acadiana Early Head Start believes that early childhood education is key to success in school and in life. Our partnership with families is the foundation for Early Head Start and during this critical time, parent-child interactions will be the cornerstone of learning at home. The coronavirus has impacted our education system and has altered our ability to educate in a traditional way. But, we believe the learning can continue. EHS has created an educational plan that provides parents with simple, yet effective ways to teach their child at home. We encourage you to do these activities with your child, dedicate time to learning and we want you to make it FUN!

<p><b>MONDAY</b></p>	<p><b>LITERACY</b></p> <p>Read to your children each day.</p> <ul style="list-style-type: none"> <li>• Give your children a chance to imitate reading to you from magazines, books, and newspapers. Have a special place for books and magazines.</li> <li>• Make a "booklet" with your children by helping them cut out magazine pictures and paste them on paper--a "house book" or "animal book." Use other suggestions from your children.</li> </ul>
<p><b>TUESDAY</b></p>	<p><b>FINE MOTOR SKILLS ALPHABET ACTIVITY</b></p> <p>Use a sheet of construction paper and trace the letter of your child's name. ## **DIY DRIVE IN MOVIE**

So you just turn a cardboard box into a car and allow the kids to sit in while they eat popcorn and watch a movie. It adds some excitement to movie time.

## **SOCIAL EMOTIONAL**

Using dolls, teddy bears, or any of your child's favorite stuffed friends will work to teach emotions. It can be very simple like modeling for your little one by giving the bear a hug and saying, "The bear is happy when I hug him."
